

# Every day, doctors are struggling with illness, trauma, impairment and loss.

Many are reluctant to ask for help. Some might even be your colleagues. That's why we want every practitioner to know the Medical Benevolent Association of NSW (MBANSW) is here for them, providing free and confidential advice, financial assistance and social work support.

We've been supporting medical families and others in need for over 122 years, and provide the only service of its kind in NSW and the ACT. As demand continues to rise, calls for help have doubled in the last year and we simply aren't able to give all that's requested without your support today.

We're funded entirely by donations from doctors and medical organisations. Please give what you can today to help ensure no doctor or medical practitioner is without the support they need to overcome hardship and regain their independence.

**Thank you for your support.**

PRESIDENT

## What does it really take to help a doctor in crisis?

“Even a small gift of just \$15 can make a difference. In fact, if you and every doctor in NSW and the ACT gives \$15 today, together you'll help fund vital support for all your peers and colleagues in crisis this year.”
